

Dear Cristie, Brett, Mrs & Mr Long,

It was so nice to here from you. We are all living on a farm near a town called Cygnet in southern Tasmania. We have a pet pig named Matilda, shes quite big! We also have sheep, horses (two draught horses and one riding horse) chickens, peacocks and peahens and goats. We bottle feed the babies orphan goats, they are so cute. We have an orchard and 120 acres. I'm in 6th grade and next year I'll be thirteen. Ryan is nine and Kristin is six. The austrailian accent is very different. Ryan and I have picked it up a little but Kristin really talks austrailian. We have a big bush (forest) we take night walks and go on hikes. sometimes we ^{ride} go up ~~of~~ on the horses and have campfires. This summer were planning to build a shelter out of mud brick for the sheep and goats. We have a ram named Wrinkles, Kristin named him. He chases us around the paddocks and we climb over the fences when he comes its a lot of fun. We are all doing well. I miss america and all my friends, But I'm having a good time here. Hope you're all doing well!

yours sincerely
Danelle and
the Reese family
